

# Price Match Guarantee

It is very important for us at United Marketing that our customers get the best price possible on the vending machines they choose to buy. We want you to have the lowest start-up costs so that you can re-coup your investment as fast as possible and start earning profits quicker. We truly believe that the quicker you start making a serious income from your new vending business the faster you will be able to grow your business and increase the size of your route. We are looking for people who want to grow their business and therefore we feel that our price match guarantee will help you to meet your goals. Whether it be a part time business or your goal is to increase your route to become a full time business we want to make this process as easy and cost effective for you as possible.

This is why we have instituted a policy that we will beat any price that any other vending company offers. We are able to do this because we have been in business for over 10 years and we design our own machines. Unlike the majority of vending companies out there who are just middle-men and cannot afford to beat our prices.

Additionally, we offer the best warranty in the business. We can do this because our machines are built with only top quality parts and we stand behind our machines 100%. Other companies cannot offer such warranties.

\*Price must be in written contract form from any competitor.
